Attend the Opening Night Reception sponsored by The Marriage CoMission, Wed, July 8, 8:30pm

Conference registration includes all 11 Plenary Sessions (P-1 — P-11) including lunch Thurs, Fri, & Sat, the opening reception and film festival.

The Tues & Thurs Banquets & the Wed lunch require additional payment. See pg 23.

About the Conference

For Marriage & Family Therapists, Counselors, Clergy, Family Life Educators, Lay Leaders, Social Workers, Psychologists, Policy Makers, Teachers, Judges, Attorneys, Family Advocates — and the Public

Marriage, Family & Couples Education offers new hope.

Instead of traditional therapy for struggling marriages and families – help that is too often too little *and* too late – this approach builds and sustains happy, healthy marriages and families through educational programs. Based on research that has identified what makes marriage work, these programs teach couples what they need to know to achieve success.

This is the only conference where you can train and certify to teach the programs and learn how to tap into community initiatives and funding. In pre and post conference institutes (pgs 4 & 5), you'll be trained by the masters – the program founders. You'll leave equipped to begin teaching courses or to use the techniques in your practice, community or congregation. Or, in the "TOOB/FOOB" formats, get teaching tips from the creators of the "teach right out of the box" programs. (See pg 3).

In workshops & keynotes, you'll learn how to prepare newlyweds, train and recruit mentor couples, and help even the most seriously troubled couples – those facing the challenges of divorce, family breakdown, parenting, remarriage, step-parenting, poverty, infidelity, domestic violence, sexual dysfunction, illness, aging, and substance abuse. **Look for tracks that focus on your interests at smartmarriages.com/tracks.html**

The conference provides many opportunities to meet like-minded colleagues from across the country and around the world and to share ideas about funding, marketing, and coalition building. You'll learn from those that have successfully implemented programs in churches, schools, welfare agencies, prisons, health settings, childbirth clinics, extension offices, fatherhood programs, military bases, and in the workplace.

You don't have to be a mental health professional to participate. Although the conference is designed to train professionals, research shows that lay leaders, educators and clergy can teach the courses just as well as – or better than – mental health providers. The courses are very effective when taught by couples – take the training together!

Even if you aren't interested in learning to teach the courses, attend to learn the latest skills to strengthen your own marriage or relationship. The public is encouraged to attend the full conference including the training institutes, the special Saturday afternoon seminars, and to browse the exciting variety of exhibits. The skills can strengthen relationships at any stage – from dating to the empty nest. And, this isn't just for the married – singles make up a large part of the audience.

These are exciting and challenging times for families and those who serve them. We expect more than 2,000 conference attendees. Join in and contribute your ideas, build on what you know, retool, and learn from the experts. You'll return home energized and prepared to make a difference.

THE COALITION

The Coalition for Marriage, Family and Couples Education (CMFCE) serves as an information exchange to help couples locate marriage and relationship courses; to help professionals, clergy and lay educators locate training programs and resources; to connect those with an interest in the continuing development of the field; to support community marriage initiatives, legislation and research; and to promote the effectiveness of marriage-strengthening courses and increase their availability in the community.

CMFCE is non-denominational, non-partisan, and non-sectarian and is supported solely by the proceeds of the annual conference. Presenters volunteer their time to the cause.
